

STAFF RECOGNITION

The board recognizes that continuous service to the district by dedicated staff members should be recognized. In order to ensure both optimum efficiency in district operations, and the retention of expert staff, the chief school administrator shall ensure that an appropriate recognition program shall be developed.

The chief school administrator may recommend to the board the names of staff members who shall be recognized for their service to the Oxford Township School District. Any staff member who maintains a record of continuous service shall be recognized by the board of education in the following manner:

Regardless of current or future collective bargaining agreements, the personal day may not carry over to the next school year and must be used prior to the end of the school year. The unused personal day will not be reimbursed by the board of education.
5. The board of education will appropriately recognize all employees who retire from the district. Retirees will be awarded a plaque commemorating their time and service to the district and the board of education will engage the CSA to research and secure an appropriate recognition of the service provided to the district.
