
CLASS SIZE

The Oxford Township Board of Education recognizes that class size has a significant bearing upon learning. As the teacher to pupil ratio increases, instructional effectiveness becomes an area of concern for all those involved in the educational process.

Accordingly, the number of children in each class shall be determined by the board based on the recommendation of the chief school administrator. Such determination will depend on appropriate educational factors as well as the availability of space and the financial ability of the school district.

The chief school administrator shall recommend for board approval the number of class sections for each course or grade level. He/she shall take into consideration such factors as student needs, curriculum requirements, types of instructional setting, district finances and space or equipment limitations. While permitted levels will be determined as noted, the board of education will make every effort to consider class size as follows (particular attention shall be paid to space-per-pupil requirements of the state department of education):

<u>Grade Level</u>	<u>Desired Grouping</u>	
<i>Kindergarten</i>	<i>Optimum</i>	<i>14 – 16</i>
	<i>Maximum</i>	<i>20 – 22</i>
<i>Grades 1 – 2</i>	<i>Optimum</i>	<i>18 – 20</i>
	<i>Maximum</i>	<i>25</i>
<i>Grades 3 – 4</i>	<i>Optimum</i>	<i>20 – 22</i>
	<i>Maximum</i>	<i>25 – 29</i>
<i>Grades 5 – 8</i>	<i>Optimum</i>	<i>20 – 22</i>
	<i>Maximum</i>	<i>25 – 28</i>
<i>Special Education</i>	<i>As outlined by state law</i>	

The board may, when average class size moves beyond the maximum number, approve teacher assistance through the use of additional certified teachers, approved aides, or approved volunteers. Attention will be paid to the space-per-pupil requirements of the state department of education. This policy does not preclude the board, upon the recommendation of the chief school administrator, from adjusting class size due to extenuating circumstances.
