

APRIL IS AUTISM AWARENESS MONTH

Did you know ...

- Autism now affects 1 in 68 children and 1 in 42 boys
 - Autism prevalence figures are growing
- Autism is one of the fastest-growing developmental disorders in the U.S.
 - Autism costs a family \$60,000 a year on average
- Boys are nearly five times more likely than girls to have autism
 - There is no medical detection or cure for autism

PLEASE HELP US RAISE AWARENESS BY WEARING
