Oxford Central School Students are C.O.R.R.E.C.T.

July, 2017

CHROMEBOOK CASES

Every student in grades **6-8** will be given an 11-inch Lenovo N22 Chromebook laptop to bring home to use for school work. Students in **grade 5** will also be given a Chromebook to use in school and they will remain in school. **All** students need to purchase an approved cover to protect the device. The covers come in many colors, shapes and sizes. Most of the following cover options are for 10" to 11.5" units.

Cases **MUST** be purchased prior to the start of school. Students who do not have a case will not be permitted to bring the Chromebook home.

After researching covers, we feel the following will best protect the community's investment and if properly cared for will last your student several years:

There are many cases on the market. These are our favorite recommendations:

We can offer the above case here at OCS for \$20.00. A check can be sent to the school before September 1, 2017, made out to "It's 4 Education LLC." **OUR #1 Choice!! Please see the PDF I attached to the email.**

This case, which is available on Amazon is \$25.00 if you order it via Amazon.

<http://www.amazon.com/dp/B01GB287KA>

Wal-Mart has the following acceptable cases available online:

Case Logic INT-111 Intrata Carrying Case

Case Logic Chromebook ARCA

Those with hard sides offer better protection.

We are also offering the same low-cost insurance policy to further protect our investment. Each unit retails for \$190.00, and since accidents do happen, no student will be issued a Chromebook without the proper insurance in place. The insurance link should be in operation as of August 1. The cost for this annual supply will remain \$13.00. **Please let your student know that if the Chromebook is damaged due to negligence warranting a repair, the cost for shipping/handling and any repairs may not be covered by insurance and will be the responsibility of the student.** Damage covered by insurance includes free shipping and handling.
