The **Winning Mood Soccer Academy** Camp is an international cooperative effort that offers players an incomparable soccer learning experience. International known coach, professor and educator Ton de Hoop of Holland is the director of Winning Mood. He brings with him a first rate corps of Dutch Professional Coaches, who are extensively trained. Each coach is Royal Dutch Football Union (KNVB) A or B licensed who have received 3-4 years of education and supervision from Coach de Hoop and the CIOS Sports Academy in Arnhem. These professionals provide players with an unforgettable, challenging and rewarding week of soccer. Specialized attention is given to all players.

**Winning Mood Philosophy** is centered on the concept that soccer players must be able to perform a variety of skills and tactics on demand. They must know WHAT to do, WHEN to do it and HOW to do it. As a player develops skills and becomes more effective and confident, the more he or she can contribute to the success of the team. For these reasons, ball control skills and tactical development receive top priority at a Winning Mood Camp. The staff has received the same professional coaching preparation so they provide consistent, quality instruction that produces outstanding soccer learning experiences.
